Desiree, yes, Elizabeth Butler is meeting you at the Diamond Alkali site on Lister Avenue today at 2 PM. Directions below are from Manhattan, obviously you're not coming from the city but that is what I could locate quickly. MapQuest the address and you should be fine.

Liz Butler's cell phone is 917-675-1349. Liz, have you notified the site that Debbie and Desiree are meeting there at 1:15?

Liz, Desiree's cell number is 917-355-9810

Any questions, call me. I am in Edison today, but reachable at cell 347-330-9439 or email.

Good luck

Hi Desiree

I have reached out to EPA re access to the Diamond Alkali site for tomorrow afternoon. I am copying Dave Kluesner on this email (EPA) as I believe your editor reached out to him on Friday to set something up for 2pm. Meeting you at 1:15pm at the site sounds like it might work, but I am asking Dave to confirm when he gets into the office tomorrow.

The address is  
80 - 120 Lister Avenue, Newark.

Thanks, Debbie
